HEMERA - EXTINCTION

We're alive, still standing
Waiting for the night to come
All of our dreams belong to another time
All of our words died in our mouths
Everything we trusted in, gone with the wind
We're nothing but speechless souls

The walls of our houses are falling
Just like hope
There's no tomorrow for us
All of our dreams belong to another time
All of our words died in our mouths
Nothing will survive

These are our last days
Now the night is falling

NOTHING WILL SURVIVE

Can't you see these cowards
Trying to hide underground?
We cannot escape, we cannot leave
This is our fate, our burden
Don't close your eyes, son
'Cause a long night is coming

NOTHING WILL SURVIVE

SILENT GHOSTS

These words my father said this day
Still remain in my mind
Yes we're still alive
But do we really know who we are?
Ashes of the world, gone with the wind
Silent Ghosts, shapeless creatures
Are we becoming...?
Hidden and scared we've lost
Everything that used to define us
Until the Long Night fell down on our hopes
Wrapping our hearts in a dark coldness
Freezing our tongues in our mouths
Now we are paralyzed

WE ARE BECOMING SILENT GHOSTS

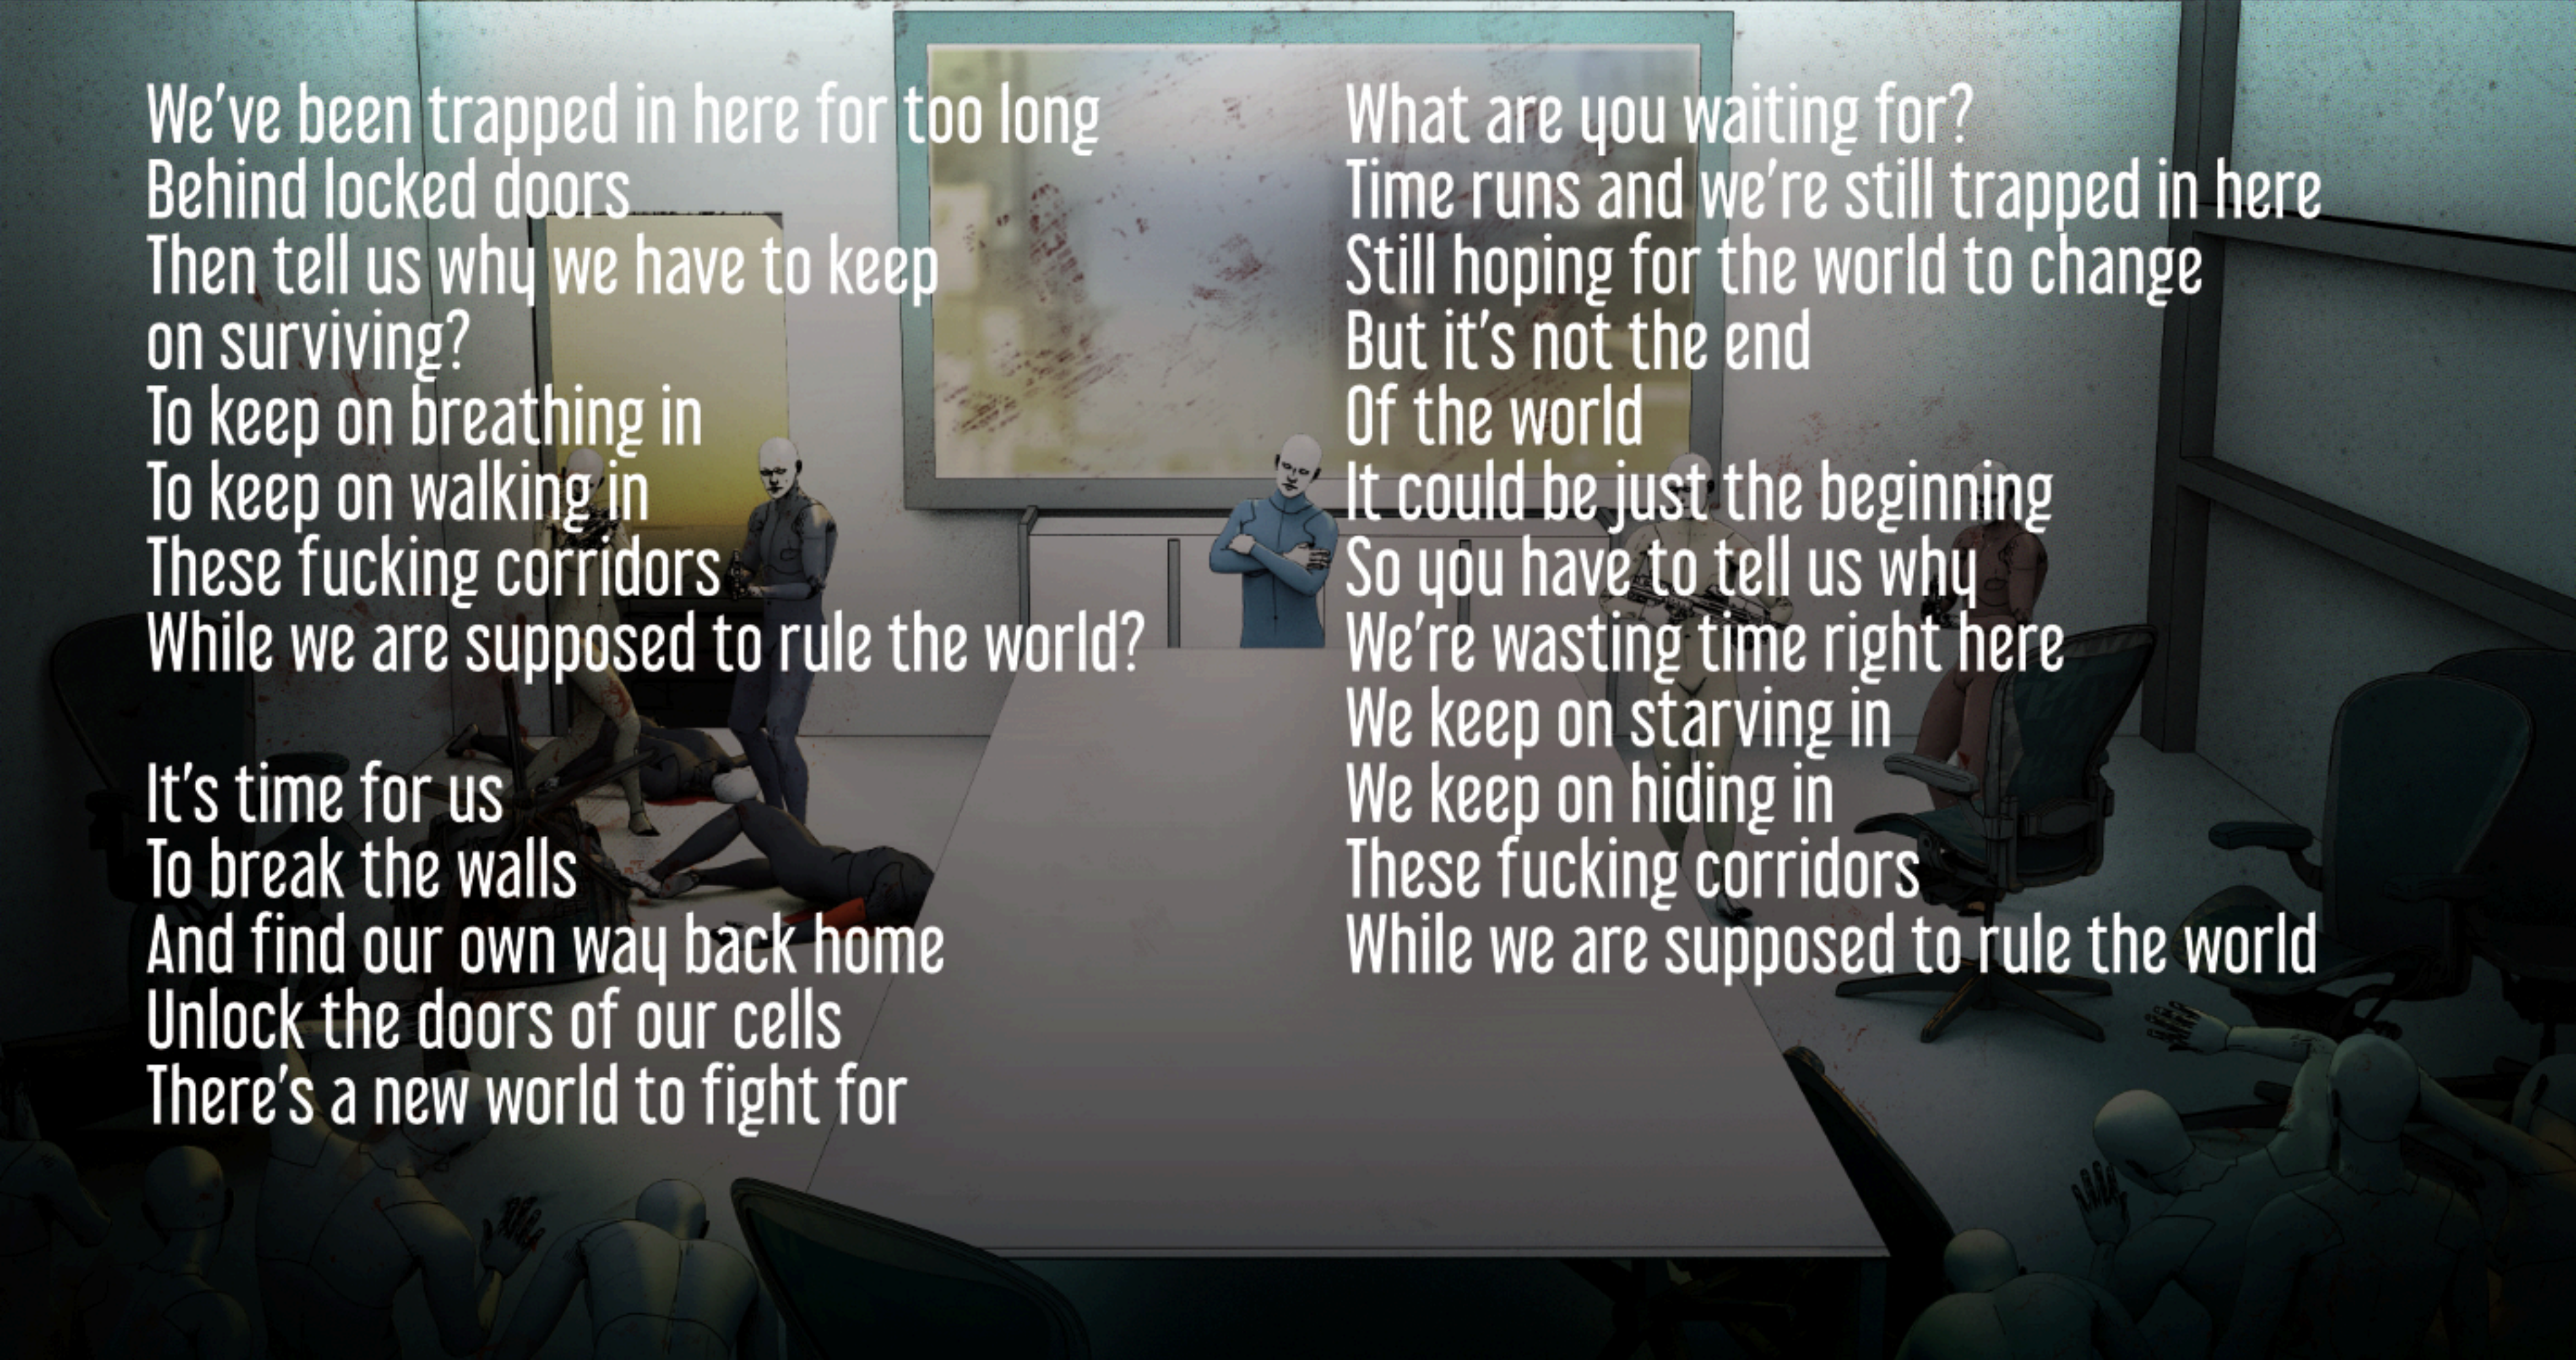

No escape, no choice
No dreams, no voice
Just a silent scream
Yesterday we were gods
Now look at what we've become
Under the clouds several clans, all against all
Scared animals living in shelters made of lies

WE ARE BECOMING SILENT GHOSTS

INSURRECTION

We've been trapped in here for too long
Behind locked doors
Then tell us why we have to keep
on surviving?
To keep on breathing in
To keep on walking in
These fucking corridors
While we are supposed to rule the world?

It's time for us
To break the walls
And find our own way back home
Unlock the doors of our cells
There's a new world to fight for

What are you waiting for?
Time runs and we're still trapped in here
Still hoping for the world to change
But it's not the end
Of the world
It could be just the beginning
So you have to tell us why
We're wasting time right here
We keep on starving in
We keep on hiding in
These fucking corridors
While we are supposed to rule the world

NYX

Is there anybody there?

We won't hide anymore

CYCLOPS

Under dark skies
Dying alive
Trying to hide
From the eye
It can see anything
Catch your breath
'Cause now we know
We won't ever be safe again

WE WON'T EVER BE SAFE AGAIN

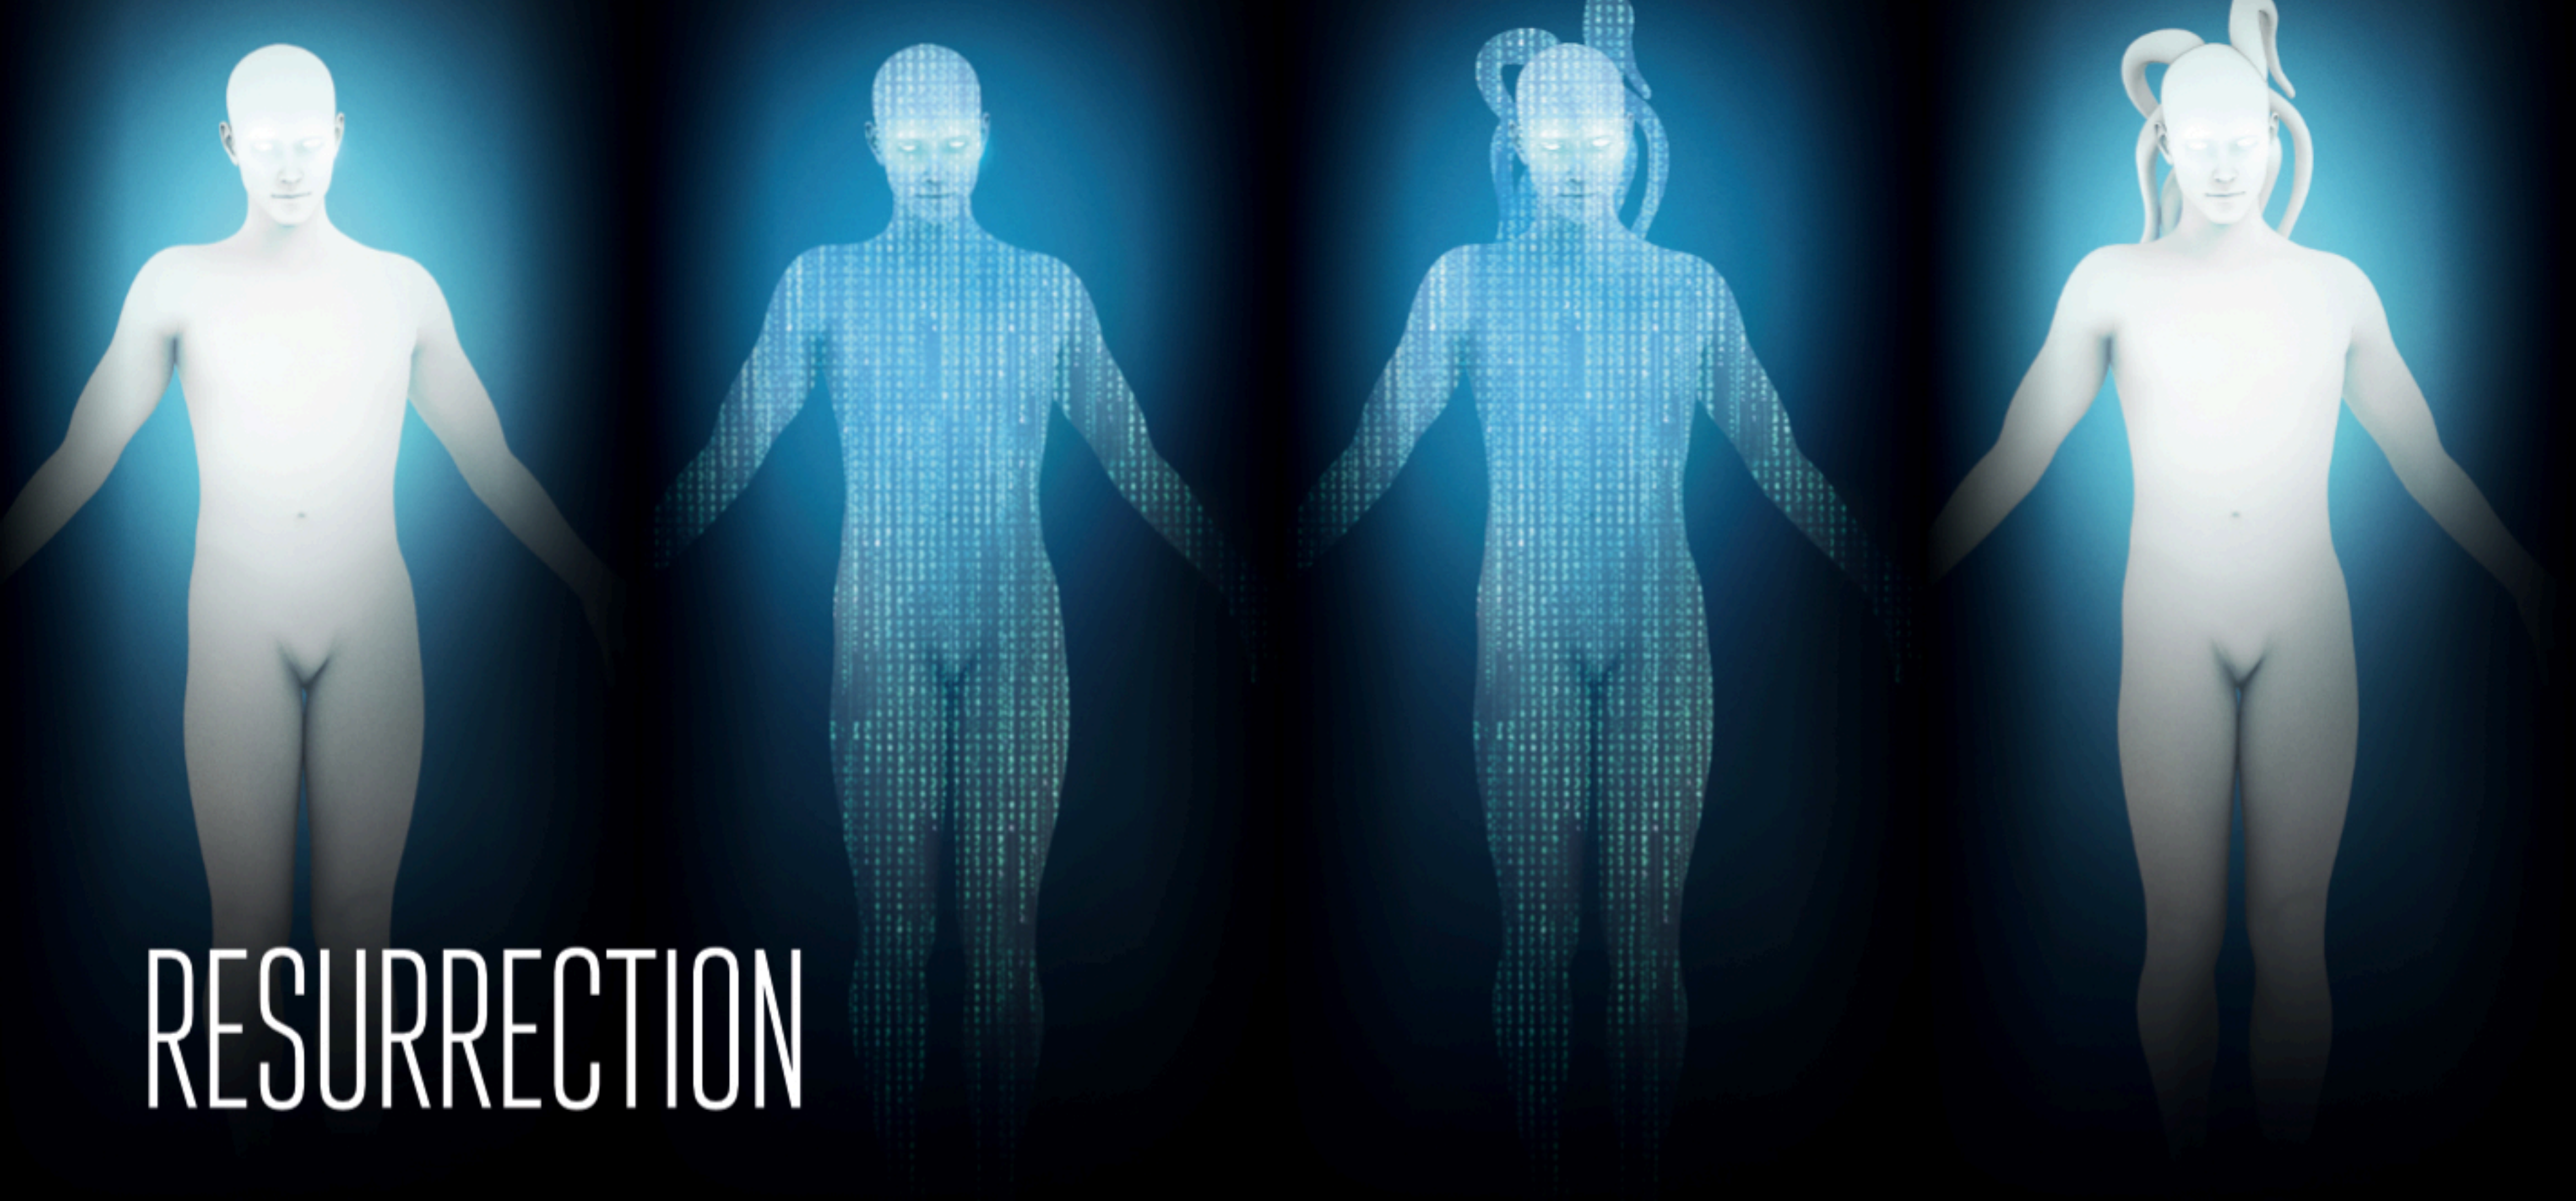

Nothing can set us free
Free from this fear
From this all-seeing machine
Can't you hear

This humming death
Coming closer?
Oh I hope it won't catch you, ever

WE WON'T EVER BE SAFE AGAIN

My eyes are open now
The time has come for me to face the end
I've been living within the shadows for too
long
Now I'm waiting for you to seal my fate

I'VE GOT THE FIRE IN MY HAND
I KNOW YOU'RE HERE FOR ME
IT'S TIME FOR US TO FACE THE END
I'LL BE THE LAST THING YOU'LL SEE

RESURRECTION

I see darkness all around here
No way back I'm leaving
I just have to let it go
The silence is wrapping me now
No voice, no scream, no fight
The passion has gone with the light
This light I've always tried to keep alive
Now there's nothing here to care about

I'm getting right through the Veil

There is no choice to make anymore
I know where I belong
No question, no reason to look back
I am free for the first time in my life

I'm getting right through the Veil

Connecting...
Connecting...

I BREATHE AGAIN
I'M BREATHING
